SURVEY REPORTS AND ARBITRATION AWARDS.

Whereas it has been represented to the Cochin Chamber of Commerce that it is desirable to give Survey Reports and Arbitration Awards an official character, the following Rules (in which the word "Arbitrator" includes "Surveyor") have been passed by the Chamber for the attainment of that end :—

Rule I.—Certain gentlemen, who have been nominated and unanimously elected by ballot by the Committee of the Chamber, shall be appointed Arbitrators to the said Chamber of Commerce; but the Chamber reserves the right of cancelling the first and all future appointments by a majority of votes of the Committee of the Chamber by ballot.

Rule II.—References to the Chamber may be made—

(1) If both parties to a contract state their willingness in writing to abide by the decision of the Arbitrator selected by the Committee from the above list, or subsequent additions thereto.

(2) If one of the parties to a contract state in writing that one of the conditions of the contract in dispute be that a reference lies by him to the Chamber of Commerce.

Rule III.—No Arbitrator shall adjudicate in a matter in which he or his employers are interested, and no two Arbitrators connected with the same firm shall be selected to settle any dispute.

Rule IV.—The Chairman shall select the Arbitrators in rotation from the authorised list, subject to the provisions of Rule III.

Rule V.—One or more Arbitrators shall be appointed for the settlement of each matter under reference, according to the wishes of the person or persons referring the question to the Chamber. In the event of no special number of Arbitrators being agreed to, one only shall be appointed.

Rule VI.—The names of Arbitrators shall not be made known to any persons whatever, except as provided in Rule XVIII.

Rule VII.—The approved list of Arbitrators under these Rules shall be circulated annually, or whenever asked for, to all Members of the Chamber, and shall be supplied to any party applying for the same.

Rule VIII.—Before any Arbitration shall be entertained a deposit of Rs. 16 for each Arbitrator, and Rs. 16 for an Umpire (in case the number of Arbitrators asked for be an even number), and Rs. 16 for the Chamber of Commerce, for *each contract*, together with the value of stamp under Act I of the Indian Stamp Act, 1879, required on the award, shall be made with the Chairman. Fees not expended will be returned to the depositor.

In cases where neither of the parties to the application shall be subscribing Members of the Chamber of Commerce, the fees payable shall be double those mentioned in the preceding part of this Rule, and the said enhanced fees shall be divided equally between the Arbitrators and Umpire of the one part and the Chamber of Commerce of the other part.

Rule IX.—As soon as possible after applying for Arbitration under the Chamber's Rules, each of the parties shall submit in writing a statement of the matter in dispute; the original of such statement shall be signed, but for the use of the Arbitrator the parties shall submit an unsigned copy of their statements.

A joint statement may be signed and sent in, but with an unsigned copy thereof.

The original contract, or an attested copy, must accompany every reference.

Rule X.—In the event of the Arbitrators not being able to come to a decision by a majority of votes, the Chairman shall request the next Arbitrator on the list to act as Umpire to decide the matter, and his decision shall be final, and need not necessarily agree with that of either of the Arbitrators.

Rule XI.—Arbitrators and Umpires shall have the right to call for such evidence as they may deem necessary, but shall not have the right to take the opinion or assistance of Attorneys or Counsel.

Rule XII.—Arbitrators and Umpires shall, as far as possible, support their awards by a statement of the reasons upon which the same may be founded.

Rule XIII.—If the seller shall have offered an allowance equal to, or more than, the allowance granted by the Arbitrator, then the whole cost of the survey or Arbitration shall fall on the buyer. If the buyer have offered to accept an allowance equal to or less than the allowance decided by the Arbitrator, then the whole cost of the Survey or Arbitration shall fall upon the seller. If the Arbitrator awards no allowance, the whole cost of the Arbitration shall fall on the buyer. In all other cases the award shall state which of the parties to the Arbitration is liable for the payment of the Arbitration fees.

Rule XIV.—All decisions shall be submitted in writing to the Chairman who shall then, without disclosing the names of the Arbitrators, communicate the result to the parties concerned.

Rule XV.—A record of all arbitrations shall be kept in the office of the Chamber of Commerce, and shall be open at all times to the inspection of Members of the Chamber; but such record shall not disclose the names of the parties concerned in such arbitrations.

Rule XVI.—Both the parties to an Arbitration shall, on application, be entitled to receive from the Chairman of the Chamber of Commerce a certified copy of the award under his signature. For each copy of such certificate a fee of Rs. 3-8 shall be payable to the Chamber of Commerce.

Rule XVII.—The insertion of a clause is recommended in all contracts made with dealers to the effect that in the event of any dispute, the parties to the contract agree to abide by the decision of an Arbitrator, or Arbitrators, appointed by the Chamber of Commerce under its Rules for Survey Reports and Arbitration Awards; but it is decided that the insertion of such clause is optional, and that Members of the Chamber are in no way bound to submit disputes to Arbitration under these Rules in the absence of such clause in their agreements with dealers.

Rule XVIII.—Should parties to an Arbitration require the attendance of the Arbitrator in a suit pending in the Law Courts in which an award of the Chamber is to be produced in evidence, the Chairman is authorised to give the name of such Arbitrator upon receipt of a requisition by either party stating that it is for that purpose only that the information is desired.

1. In the case of a coasting vessel which calls at a port *in ballast* paying port dues there at three-fourths rate under Section 46 of the

Indian Ports Act X of 1889 and enters a second port laden with cargo and passengers taken in at the first port, the difference between the full rate prescribed in the schedule and the ballast rate shall be recovered at the second port.

2. If a foreign vessel trading with Straits Settlements calls at a single port in a group *in ballast* paying port due there at three-fourths rate and revisits the same port within 60 days laden with cargo or passengers, the difference between the full rate and ballast rate shall be recovered.

3. If a foreign vessel calling at more than one port enters first port *in ballast* and pays port dues at three-fourths rate and re-enters that port within 60 days laden with cargo and passengers, the difference between the full rate and the ballast rate shall be recovered. If the vessel call, at the second port also in ballast and pays three-fourths of the additional rate and enters the same or any other port on the same voyage with cargo or passengers, the difference between the full additional rate and three-fourths of it paid at the second port shall be recovered.

NOTE—1. Half the above rate of dues will be charged on any vessel not discharging or taking cargo after 48 hours (as per Section 47 of Act X of 1889).

2. No dues will be charged on any vessel entering or leaving a port within 48 hours without discharging or taking cargo or passengers.

3. No dues will be charged on any vessel with having left a port is compelled to re-enter it by stress of weather or in any case of damage (as per Section 48 of Act X of 1889).

Explanations.

(a) "*Coasting Ship*" or "*Coasting Steamer*" means respectively a ship or steamer which at any port discharges cargo exclusively from, or takes in cargo exclusively for, any port in the island of Ceylon or in any part of India between the westernmost part of Sindh and the south easternmost part of Burma; and "*Coasting Steamer*" includes a coasting steam-vessel having a general pass under Section 164 of the Sea Customs Act, 1878.

(b) "*Voyage*."—In the case of vessels other than those trading with the Straits Settlements, after calling at a port in the western group and taking in cargo, proceeding to some other port in the same group and then returning to the first port to complete loading before finally sailing for Europe, the two visits are to be considered as occurring in one and the same voyage for the purpose of port dues.

(c) "*Foreign Ship*" or "*Foreign Steamer*" means respectively a ship or steamer not being a coasting ship or coasting steamer.

(d) "*Foreign vessels in ballast*."—When a foreign vessel calls first at a port in ballast, pays the ballast rate and proceeds to other ports within the eastern or western group, and returns to the first port called at to complete her cargo, the difference between the full and ballast dues is not to be levied. A vessel will be considered to be engaged in the coasting trade when she carries cargo exclusively for a Customs port and not intending to go on a foreign voyage.

NOTE.—All Islands in Minicoy are British Possessions and only $1\frac{1}{2}$ annas can be charged.

Maldivé is foreign under the Sultan's Administration.

Tonnage of vessels of the following foreign Nationalities are to be accepted :—

French, German, Norwegian, Swedish, Spanish, Italian, and U. S. of America.

NOTICE TO MARINERS.

INDIA, WEST COAST, NARRAKAL.

The smoothest water will be found in $5\frac{1}{2}$ fathoms L. W. S. T. soft mud on the following bearings magnetic, viz. :—

Mallipuram Flagstaff	. N. 80^0 E.
Narrakal Obelisk	... N. 53^0 E.
Cochin Light House	... S. 45^0 E.

2. Mariners are cautioned that the mud flats off Narrakal have extended Sea-ward.

3. Narrakal Flagstaff having been dismantled and removed the light, bright, fixed, will in future be exhibited from the Mallipuram Flagstaff.

4. In taking up an anchorage due consideration should be given to the State of the weather. The anchorage given is a good one for all weathers but smoother water will be found still further north. Vessels wishing for a quick despatch may, during fine weather, approach nearer Cochin to enable boats to get to and from Cochin, between Vypeen point and the sands but in this position during a fresh breeze a short sea soon gets up making shipping operation difficult and causing damage to boats.
