ANNUAL MEETING.

CHAIRMAN'S ADDRESS.

GENTLEMEN,—The Accounts and Committee's Report for the year have been circulated and are before you and I will move that they be adopted. Mr. Pulling has acted as Auditor in an Honorary capacity and we have to thank him for his painstaking audit and revision of Accounts.

The usual statement of Trade returns has also been circulated and the Committee's Report gives an abstract of the increases and decreases over the year. To these particulars little need be added. In Coir Yarn and Mats and Matting there appears to have been a satisfactory year so far as the quantity exported goes and though this has not continued into the present year we can only hope things will average up in the later stages of the season. Other articles of export show decline from last year except in Ginger, Turmeric, Nuxvomica and Poonac. Pepper exports are badly down by about 30 %. Tea and Rubber export to Foreign Ports show continued increase in quantity but there is a large decrease in exports of the commodities to India, Burma and Ceylon. Presumably European markets are being preferred to Colombo.

Imports show no very outstanding feature but in total show an increase in value to the extent of Rs. 28 lakhs to which Kerosene Oil contributes no less than

Rs. 10 lakhs. Grain imports from Indian Ports and Burma increased by Rs. 11 lakhs, but the total import is down by Rs. 48 lakhs due to cessation of Imports from Indo-China.

Regarding Harbour Works, I notice that at this meeting last year I referred to a Conference which Government proposed to call to discuss plans for a fourth stage of the Harbour Scheme. That Conference has yet to take place and the position to-day as regards the fourth stage is much as it was a year ago. We have, however, during the year seen the completion of the Harbour Works to the point of regular entry of Ocean-going steamers to lie at moorings inside. There are now seven mooring berths completed and a further two temporary moorings are being installed. The dredger "LORD WILLINGDON" is engaged upon the dredging of turning basin which, it is hoped, will facilitate the entry and departure of steamers. Estimates are being obtained for a powerful tug to assist vessels manœuvring in the Harbour, also an efficient Pilot Launch and it is therefore to be expected that in a short time the Port will be fully equipped to deal with the normal number of vessels calling here and give them speedy despatch under all circumstances.

The question of further development of the Harbour, as I said, has still to be considered but Government during the year called for expressions of opinion from the Chamber and other bodies including Steamer Agents. This Chamber's response was that further development could hardly be considered before Railway and financial programmes had been definitely settled and agreed upon for immediate putting into effect.

The Chief Commissioner and Financial Commissioner for Railways are due to visit Cochin on the 10th September but whether or not we shall learn anything from them about an early start with the programme of Railway conversion and construction remains to be seen.

There is nothing else with which I think I need take up your time. Political and Trade problems have been too much with us for some little time and we can merely go on hoping for an early return of both to sane and sound ideas of peace and progress.

I now move the adoption of the Committee's Report and Accounts.

Mr. Baechtold in seconding the adoption of Report and Accounts expressed the thanks of Chamber Members to the retiring Chairman and Committee for their valuable services during the year.

The Report and Accounts were adopted and the meeting closed.

SURVEY REPORTS AND ARBITRATION AWARDS.

Whereas it has been represented to the Cochin Chamber of Commerce that it is desirable to give Survey Reports and Arbitration Awards an official character, the following Rules (in which the word "Arbitrator" includes "Surveyor") have been passed by the Chamber for the attainment of that end:—

Rule I. Certain gentlemen, who have been nominated and unanimously elected by ballot by the Committee of the Chamber, shall be appointed Arbitrators to the said Chamber of Commerce; but the Chamber reserves the right of cancelling the first and all future appointments by a majority of votes of the Committee of the Chamber by ballot.

Rule II. References to the Chamber may be made—

(1) If both parties to a contract state their willingness in writing to abide by the decision of the Arbitrator selected by the Committee from the above list, or subsequent additions thereto.

(2) If one of the parties to a contract state in writing that one of the conditions of the contract in dispute be that a reference lies by him to the Chamber of Commerce.

Rule III. No Arbitrator shall adjudicate in a matter in which he or his employers are interested, and no two Arbitrators connected with the same firm shall be selected to settle any dispute.

Rule IV. The Chairman shall select the Arbitrators in rotation from the authorized list, subject to the provisions of Rule III.

Rule V. One or more Arbitrators shall be appointed for the settlement of each matter under reference, according to the wishes of the person or persons referring the question to the Chamber. In the event of no special number of Arbitrators being agreed to, one only shall be appointed.

Rule VI. The names of Arbitrators shall not be made known to any persons whatever, except as provided in Rule XVIII.

Rule VII. The approved list of Arbitrators under these Rules shall be circulated annually, or whenever asked for, to all Members of the Chamber and shall be supplied to any party applying for the same.

Rule VIII. Before any Arbitration shall be entertained, a deposit of Rs. 16 for each Arbitrator, and Rs. 16 for an Umpire (in case the number of Arbitrators asked for be an even number), and Rs. 16 for the Chamber of Commerce for *each contract*, together with the value of stamp under Act I of the Indian Stamp Act, 1879, required on the Award, shall be made with the Chairman. Fees not expended will be returned to the depositor.

In cases where neither of the parties to the application shall be subscribing Members of the Chamber of Commerce, the fees payable shall be double those mentioned in the preceding part of this Rule, and the said enhanced fees shall be divided equally between the Arbitrators and Umpire of the one part and the Chamber of Commerce of the other part.

Rule IX. As soon as possible after applying for Arbitration under the Chamber's Rules, each of the parties shall submit in writing a statement of the matter in dispute; the original of such statement shall be signed, but for the use of the Arbitrator the parties shall submit an unsigned copy of their statements.

A joint statement may be signed and sent in, but with unsigned copy thereof.

The original contract, or an attested copy, must accompany every reference.

Rule X. In the event of the Arbitrators not being able to come to a decision by a majority of votes, the Chairman shall request the next Arbitrator on the list to act as Umpire to decide the matter, and his decision shall be final, and need not necessarily agree with that of either of the Arbitrators.

Rule XI. Arbitrators and Umpires shall have the right to call for such evidence as they may deem necessary, but shall not have the right to take the opinion or assistance of Attorneys or Counsel.

Rule XII. Arbitrators and Umpires shall, as far as possible, support their Awards by a statement of the reasons upon which the same may be founded.

Rule XIII. If the seller shall have offered an allowance equal to, or more than, the allowance granted by the Arbitrator; then the whole cost of the Survey or Arbitration shall fall on the buyer. If the buyer have offered to accept an allowance equal to, or less than, the allowance decided by the Arbitrator, then the whole cost of the Survey or Arbitration shall fall upon the seller. If the Arbitrator awards no allowance, the whole cost of the Arbitration shall fall on the buyer. In all other cases the Award shall state which of the parties to the Arbitration is liable for the payment of the Arbitration fees.

Rule XIV. All decisions shall be submitted in writing to the Chairman who shall then, without disclosing the names of the Arbitrators, communicate the result to the parties concerned.

Rule XV. A record of all Arbitrations shall be kept in the office of the Chamber of Commerce, and shall be open at all times to the inspection of Members of the Chamber; but such record shall not disclose the names of the parties concerned in such Arbitrations.

Rule XVI. Both the parties to an Arbitration shall, on application, be entitled to receive from the Chairman of the Chamber of Commerce a certified copy of the Award under his signature. For each copy of such certificate a fee of Rs. 3-8 shall be payable to the Chamber of Commerce.

Rule XVII. The insertion of a clause is recommended in all contracts made with dealers to the effect that in the event of any dispute, the parties to the contract agree to abide by the decision of an Arbitrator or Arbitrators appointed by the Chamber of Commerce under its Rules for Survey Reports and Arbitration Awards; but it is decided that the insertion of such clause is optional, and that Members of the Chamber are in no way bound to submit disputes to Arbitration under these Rules in the absence of such clause in their agreements with dealers.

Rule XVIII. Should parties to an Arbitration require the attendance of the Arbitrator in a suit pending in the Law Courts in which an Award of the Chamber is to be produced in evidence, the Chairman is authorised to give the name of such Arbitrator upon receipt of a requisition by either party stating that it is for that purpose only that the information is desired.
