PUBLISHERS' NOTE

No issue has for the past fifteen years compelled such wide attention of the people of this country as the Trial of the three I. N. A. Officers held in the famous Red Fort of Delhi. Ever since Pt. Jawaharlal Nehru raised his voice for their release or at least for a mild treatment for the brave men and officers who fought gallantly in the battlefields of Burma and Malaya, in the plains of Imphal and on the Arakan front, their marvelous deeds of bravery, their heroic achievements and their unique spirit of self sacrifice and discipline have become a subject of discussion and active interest for every Indian, to whatever caste or creed he belongs.

What were the circumstances that led to the formation of the Indian National Army, what were the chief factors that contributed to its growth, what are the main achievements and failures of I. N. A. and what spirit way working behind them is proposed to be set forth in the I. N. A. SERIES of HERO PUBLICATIONS:

The present volume is the first of that series and is a true reproduction of all the exhibits produced by the prosecution in the Trial of Captain Shah Nawaz, Captain Prem Kumar Sahgal, and Captain S. Gurbax Singh Dhillon. It is an interesting set of important documents and throws a flood of light on the various activities of the Azad Hind Fauj and consequently on the formation and growth of the National Army.

NETAJI

As promised in one of the editions of *The Rebel President*, I have the honour to convey it to my readers that the second part of the biography of Shyt. Subhas Chandra Bose captioned *Netaji* is almost ready and the manuscript has been handed over to the printers. It will include all the activities of this valiant fighter of India's freedom since the time of his escape down to the Trial of the I. N. A. Officers held in the historic Red Fort of Delhi.

The period between the year 1942 and 1945 is one of the greatest importance in the history of Indian Politics. There was struggle within the country during these years and also outside it. Subhas Bose conducted the fight outside India in his own way when in India the Indian National Congress had launched a furious struggle to achieve independence from the foreign yoke.

What course did the Indian Struggle take after the exit of Shyt. Subhas Chandra Bose from the scene of Indian Politics ; what is the extent of hardships, miseries, starvation and sufferings that the people of India had to face during these years ? How did Subhas Bose manage to escape from this country and what is the account of

his activities in Germany, Japan and other countries ; Was he a Puppet or a Patriot ; was he a Criminal or a Crusader; was he a Traitor or a True servant of the nation has been comprehensively dealt in the pages of this book.

Since a very limited number of copies will be published, the readers are advised to book their orders immediately with the publishers or with their dealers in order to avoid disappointment.

"The Rebel President."

THE REBEL PRESIDENT

7th Impression

'The Rebel President' is a nice biographical account of the Indian National Leader Shyt. Subhas Chandra Bose. The political life of Subhas had once aroused a great stir in public mind and his sudden disappearance from sick bed was of no little concern for his countrymen.

"Subhas had disappeared but his ideals and gospel still remain for the public to understand. Sardar Durlab Singh has tried to explain the truth of Subhas's ideals in a popular way and I believe he has been thoroughly successful.

"I recommend this book to every Indian student of politics."

PERSONALITY AND POLITICAL IDEALS OF SUBHAS BOSE

" IS HE A FASCIST ? "

Subhas Bose's political views have given rise to fierce controversy. Ever since his escape from India he is said to have become a votary of fascism and a 'Lawrence of Arabia' for the Axis war mongers to stir up trouble in this country.

Is he a Fascist ? This small book is an attempt at answering this question. His political philosophy has been subjected to an analysis, and his change of views has been traced to his European visit in 1933. It reveals the background of the mind of the great Indian Leader and consequently throws a flood of light on the political belief to which he subscribes.

Special order of the Day

by

Subhash Chandra Bose, Supreme Commander

Azad Hind Fauj

(Indian National Army).

In the interests of the Indian Independence Movement and of the Azad Hind Fauj, I have taken over the direct Command of our Army from this day.

This is for me a matter of joy and pride because for an Indian, there can be no greater honour than to the Commander of India's Army of Liberation. But I am conscious of the magnitude of the task that I have undertaken and I feel weighed down with a sense of responsi-

bility. I pray that God may give me the necessary strength to fulfill my duty to Indians, under all circumstances, however, difficult or trying they may be.

I regard myself as the servant of 38 crores of my countrymen, who profess different religious faiths. I am determined to discharge my duties in such a manner that the interests of these 38 crores may be safe in my hands and every single Indian will have reason to put complete trust in me. It is only on the basis of undiluted nationalism and of perfect justice and impartiality that India's Army of Liberation can be built up.

In the coming struggle for the emancipation of our motherland, for the establishment of a Government of free India, based on the good will of 38 crores of Indians and for creation of a permanent army which will guarantee Indian Independence for all times, the Azad Hind Fauj has a vital role to play. To fulfil this role, we must weld ourselves into an army that will have only one goal, namely the freedom of Indians and only one will namely to do or die in the cause of India's freedom. When we stand, the Azad Hind Fauj has to be like a wall of granite ; when we march the Azad Hind Fauj has to be like a steam-roller.

Our task is not an easy one ; the war will be long and hard, but I have complete faith in the justice and in the invincibility of our cause. 38 crores of human beings who form about one-fifth of the human race, have a right to be free and they are now prepared to pay the price of

freedom. There is consequently no power on earth that can deprive us of our birth right of liberty any longer.

Comrades 'officers and men' ! With your unstinted support and unflinching loyalty Azad Hind Fauj will become the instrument of India's Liberation. Ultimate Victory will certainly be ours, I assure you. Our work has already begun.

With the slogan, 'Onward to Delhi' on our lips, let us continue to labour and to fight till our National Flag flies over the Viceroy's House in New Delhi, and the Azad Hind Fauj holds its Victory parade inside the ancient red fortress of the Indian Metropolis.

Special Order of the Day.

Comrades of Azad Hind Fauj.

In the middle of March this year, Advanced units of the Azad Hind Fauj, fighting shoulder to shoulder with their valiant allies, the Imperial Nippon Forces, crossed the Indo-Burma border and the fight for India's liberation thereupon commenced on Indian soil.

The British authorities, by ruthlessly exploiting India for over a century and bringing foreign soldiers to fight their battles for them, had managed to put up a mighty force against us. After crossing the Indo-Burma border, our Forces inspired by the righteousness of our

cause, encountered these numerically superior and better equipped but heterogenous and disunited forces of the enemy and defeated them in every battle.

Our units, with their better training and discipline and unshakable determination to do or die on the path of India's Freedom, soon established their superiority over the enemy, whose morale deteriorated with each defeat.

Fighting under the most trying conditions, our officers and men displayed such courage and heroism that they have earned the praise of every body. With their blood and sacrifice, these heroes have established traditions which the future soldiers of Free India shall have to uphold.

All preparations had been completed and the stage had been set for the final assault on Imphal, when torrential rains overtook us and to carry Imphal by an assault was rendered a tactical impossibility.

Handicapped by the elements, we were forced to postpone our offensive. After the postponements of the offensive, it was found disadvantageous for our troops to continue to hold the line that we then had. For securing a more favourable defensive position, it was considered advisable to withdraw our troops. In accordance with this decision, our troops have withdrawn to a more favourable defensive position. We shall now utilise the period in full in completing our preparations, so that with the advent of better weather, we may be in a position to resume our offensive.

Having beaten the enemy once in several sectors of the front, our faith in our final victory and in the destruction of the Anglo-American forces of aggression has increased tenfold. As soon as all our preparations are complete, we shall launch a mighty offensive against our enemies once again. With the superior fighting qualities, dauntless courage and unshakable devotion to duty of our officers and men, victory shall surely be ours.

May the souls of those heroes, who have fallen in this campaign inspire us to still nobler deeds of heroism and bravery in the next phase of India's War of Liberation.

Azad Hind Fauj Orders.

Lt. Col. Habib-ur-Rahman, Asstt. Chief of Staff.

No. 13 Unit.

Burma

Dated 5. 9. 1944.

Congratulatory.

334. His Excellency Thakin Nu, Burmese, Minister of Foreign Affairs sent the following message of felicitations to H. E. Netaji, Subhas Chandra Bose, on the 7th July, 1944, on the occasion of the celebrations of Netaji week.

Events of momentous significance have so crowded upon one another ever since your Excellency have ably assumed leadership of the Indian Independence League, on July 4, 1943, that it is hardly credible that a year has gone by. The transfer, not long afterwards of your Provisional Government from Synon to Burma, the front line country of the present war of greater East Asia, was a happy augury, not only for India and Burma, but also for the whole of East Asia, and your Excellency has never been known to have paused for rest.

This unabating energy has been a source of inspiration to all the rank and file of the I. N. A., as well as the Rani of Jhansi Regiment, whose fighting strength and spirit are growing from day to day. The spectacular success of the past year of your Excellency's countrymen are attributable to your Excellency's indomitable will to achieve freedom at all cost and implicit faith in East Asia's Ultimate Victory.—

Reply by His Excellency Netaji.

Subhas Chandra Bose.

Your Excellency,

Allow me to express on behalf of Provisional Government of Azad Hind, the I. N. A., the Rani of Jhansi Regiment and myself, my most sincere thanks to your Excellency for your kind message of felicitations of July 7th.

I am thankful to the Government and the people of Independent Burma for their good wishes in our fight for independence.

I wish also to assure your Excellency that the Provisional Government of Azad Hind and the three Million Indians in East Asia deeply appreciate the whole-hearted sympathy and co-operation of the Government and People of Burma, particularly, since the Provisional Government shifted its H Q. from Shonan to Burma. It is this aid of the Government and People of Burma that has rendered it possible the I. N. A. to reach the Indo-Burma Frontier and carry on its successful operation against the Anglo-Americans in India.

It is most gratifying to me to know that at this moment troops of the I. N. A. are fighting shoulder to shoulder with their comrades of the Burmese Army against the common enemies, the Anglo-Americans and for a common cause, namely, the freedom of Asia, the freedom of Burma, and the freedom of India.

Assuring your Excellency of my highest consideration.

Communique issued by the Provisional Government of Azad Hind on July 27, 1944.

On receipt of information re : the formation of a new cabinet with General Koise as Premier, Netaji Subhas Chandra Bose, Head of the State, Provisional Government of Azad Hind cabled congratulations and felicitations to General Koise and other Ministers of his Cabinet, and

assured them of the determination of Indians in East Asia to continue to fight shoulder to shoulder with Nippon until Victory is achieved.

I wish to take this opportunity to express the heartiest thanks of Provisional Government of Free India, the Indian National Army and of myself to your Excellency to the Government and to the people of Independent Burma for all the valuable help that has been and is being rendered to us in our fight for Independence of India.

I wish also to assure your Excellency that we, Indians, are irrevocably resolved to fight shoulder to shoulder with Independent Burma and Nippon under all circumstances, until our common enemies are crushed and our common victory is achieved.

Netaji's Message to Nipponese Foreign Minister.

Netaji Subhas Chandra Bose has sent the following message to His Excellency Mamoru Shingamitsu, Foreign Minister of Nippon :—

On the occasion of your Excellency's assuring once again the office of Foreign Minister and concurrently,

I take this opportunity of assuring your Excellency once again that inspite of the hard times that lie ahead of us, we shall go on fighting shoulder to shoulder with Nippon under all circumstances, until our common victory is achieved.

His Excellency Mamaru Shingamitsu has sent the following reply to Netaji Subhas Chandra Bose.

I wish to express my sincere thanks to your Excellency for your kind message of felicitations, I welcome your assurance of wholehearted co-operation at this momentous juncture.

I am firmly convinced that we shall win our common cause, and that under your Excellency's wise and able leadership, the struggle for liberating India will ultimately be crowned with success. All my best wishes."

The following telegrams were recently exchanged between His Excellency Netaji Subhas Chandra Bose, Head of the State, Provisional Government of Azad Hind and His Excellency Kovit Abhaiwongse, Prime Minister of Thailand.

In the name of the Thai people, I wish every success for the I. N. A. and for your Excellency's noble undertaking. May the Independence

War Council :

445. Since the establishment of the Provisional Government of Azad Hind on the 21st October, 1943, a year of intensive activity has elapsed. In the meantime, the war has reached a stage when the initiative is going to pass from the hands of our enemies to those of our friends and of our Allies. To prepare for the coming offensive, it is

absolutely necessary to make an all out effort at Total Mobilisation and to further intensify and co-ordinate all our activities connected with our war-preparations. In order to achieve this objective, a special organ of the Provisional Government of Azad Hind has to be set up. The War Council of the Provisional Government has, therefore, been formed. The War Council which is the supreme organ of the Provisional Government for directing and controlling the war effort and the war preparations of the Government will have the following duties :

1. To further intensify the war activities of the Provisional Government.

2. To initiate any new activities that will be found necessary for the war effort and for war preparations.

3. To co-ordinate all these activities with a view to producing the maximum result, namely, to launch the offensive that will bring about the speedy and complete over-throw of our enemies.

Special order of the day.

To

All officers and men of the Azad Hind Army.

Comrades,

As you all know, the positive achievements of the officers and men of the Azad Hind Fauj last year on the field of battle and the victories that they scored over the enemy through their patriotism, bravery and self-sacrifice, were marred to some extent by the cowardice and treachery of a few officers and men. We were hoping that with the advent of the New year

all traces of cowardice and treachery would be wiped out, and that in this year's operations the Azad Hind Fauj would be able to put up an unsullied record of heroism and self-sacrifice. But that was not to be. The recent treachery of five officers of the H. Q. of the 2nd. Division has come as an eye opener to us that all is not well within our ranks and that the seeds of cowardice and treachery have yet to be wiped out. If we now succeed in exterminating cowardice and treachery once for all, this shameful and despicable incident may, through God's grace, ultimately prove to be a blessing in-disguise. I am, therefore, determined to take all possible measures necessary for the purification of our Army. I am confident that in this I shall have your full and unstinted support.

In order to destroy completely the germs of cowardice and treachery, the following measures will have to be adopted :—

1. Every member of the Azad Hind Fauj, officer, N.C.O. or Sepoy will, in future, be entitled to arrest any other member of the Azad Hind Fauj, no matter what his rank may be, if he behaves in a cowardly manner or to shoot him if he acts in a treacherous manner.

2. I am giving an opportunity to all members of the Azad Hind Fauj who may not feel inclined to work dutifully or fight courageously in future to leave

the rank of the Azad Hind Fauj. This offer will be open for one week from the time of its communication.

3. In addition to giving an opportunity to unwilling elements to leave voluntarily the ranks of the Azad Hind Fauj, I want to carry out thorough purge of our army. During the course of this purge, all those will be removed against whom there is suspicion that they may fail us, or betray us, at the critical moment. In order to carry out this purge successfully I want your fullest co-operation and I want you, therefore, give to me and my trusted officers all available information about any cowardly or treacherous elements that may still exist in our Army.

4. It will not be enough to carry out a thorough purge now. In future, also, vigilance will have to continue. It will, therefore, be the duty of every member of the Azad Hind Fauj, in future, to keep his eyes and ears open in order to detect in good time any tendency towards cowardice or treachery. In future if any member of the Azad Hind Fauj detects any tendency towards cowardice or treachery, he should report at once, either orally or in writing either to me or to the officers who may be within reach. In other words, from now onwards and for all times, every member of the Azad Hind Fauj should regard himself as the custodian of the honour and reputation of the Azad Hind Fauj and of the Indian Nation.

5. After purge has been carried out and unwilling elements have been given an opportunity of leaving our Army, if there is any case of cowardice or treachery, the punishment will be death.

6. In order to create within our army a moral bulwark against cowardice and treachery, we have to create an intense hatred against cowardice and treachery in any form. A strong feeling has to be created in the mind of every member of this army that for a member of a revolutionary army, there is no crime more heinous and despicable than to be a coward or a traitor. Instructions are being issued separately as to how we can create such an intense hatred against cowardice and treachery so that there will be no more cowards or traitors within our ranks.

7. After the purge has been carried out, every member of the Azad Hind Fauj will be required to renew his oath to fight on bravely and courageously until the emancipation of our dear motherland is achieved. Instructions regarding the form and manner of this oath will be issued separately.

8. Special rewards will be given to those who give information regarding cowardly and treacherous elements or who arrest or shoot at the front cowardly and treacherous elements.

Special order of the day.

To

All officers and men of the Azad Hind Fauj.

Comrades,

In order to express our indignation, disgust and hatred against cowardice and treachery, a special observance will be held in every camp of the Azad Hind Fauj, on a day to be previously fixed for the purpose. All officers and other ranks must take part in the observance.

With regard to the details of the observance, each camp will be free to draw up its own programme with a view to making the observance a complete success. Directions in broad outlines are, however, being given herewith.

(a) Poems or articles may be written and read, expressing hatred and disgust against cowardice and treachery.

(b) Dramas may be improvised and acted for expressing abhorrence against cowardice and treachery.

(c) Effigies of the traitors (Riaz, Madan, Sarwary, Day, Mohammad Bakhsh and others) in cardboard or straw or clay or any other suitable material, either in human or in animal form, should be prepared and every member of the camp should give full vent to his disgust and hatred against the traitors.

(d) Lectures should be delivered praising Indian heroes of the past and lauding the brave deeds of the members of the Azad Hind Fauj in the course of the present War of Liberation.

Policy regarding re-organization of the I. N. A.

1. All the formations in the I. N. A. will first re-organize within themselves.

Units and sub-units will be completed in strength by a process of amalgamation.

Any deficiencies will be made up from the reinforcement camp. These will be demanded as far as possible, as complete units and sub-units.

Say, for instance, after re-organization Ghandi Regt. 4th. Bn., is deficient of three platoons of Sikhs and one section of Jats. Comd. Ghandi Regt. will place his demand on the Army Commander, who will forward it to the D. M. B. who, in turn, will place them on the O. C. reinforcements.

System of going direct and selecting men from the reinforcement camp is strictly forbidden.

2. Reinforcement camp is being formed as soon as circumstances permit. All the volunteers for the I. N. A. from prisoners of war camps in Syonan, and from the main land will be concentrated there and organized on the same basis as the corresponding units of I. N. A.

3. Comd. reinforcement is entirely responsible for organization, training, discipline and administration of all such men under his command.

He will maintain a complete record of each individual coming to his camp, showing the date of joining, original

unit, place from where he came and how finally disposed off.

4. It is notified for the information of all concerned that owing to a very small number of P. M. and Sikh volunteers coming forward to join the I. N. A., Jat and Gujjar Companies may have to be accepted in their place.

5. Army Commander is requested to forward to these H. Qrs. deficiencies by Regiments as envisaged by this letter as soon as possible, please.

6. This letter will take effect immediately as no more volunteers are expected to rejoin their units from separation camps.

Sub :—Policy Regarding the Disposal of category
'B' and 'A'.

Personnel

It has been brought to notice that certain units are indiscriminately sending all their category 'B' and 'C' men to the reinforcement group. In some cases men have been sent only to convalesce there. The Reinforcement Group, as it is to-day, is not in such a fortunate position as to provide any facilities to category 'B' and 'C' men, owing to many difficulties in connection with cooking utensils, accommodation, etc.

Besides this, the I. N. A. is approximately 2000 men under strength, and up to-date it has been found very difficult to fill up this large gap. All units and formation comds. are, therefore, requested to give their best co-operation and support in overcoming this difficulty by:

(a) thoroughly ascertaining each case sent to the Reinforcement group. As far as possible only permanent category 'C' men should be sent ;

(b) making every possible endeavour to bring up temporary category 'B' and 'C' men to a higher class of

fitness, by giving such persons special care, rest and feeding. Unit welfare funds should freely be used for this purpose, and any money spent thus, is certainly well spent.

There is also a likelihood that all category 'B' and 'C' men who cannot be absorbed in the I. N. A., will be reverted to Ps. of war and sent to those camps. It is fully realised that it is a very hard and regrettable decision, nevertheless it may have to be resorted to. The D. M. B. feels confident that the unit and formation comds. will realize that under these circumstances, our moral obligation to our men is to send as few as possible to the Re-inforcements for reversion to Ps. of war.

Scheme for the Reception and management of the Indian Soldiers in Burma.

General :

It is expected that when the operations start on the Indo-Burma border, some Indian soldiers will walk over to our side. Some on the other hand will be forced to surrender during the fight. Due to the difficulties of language, etc., it is very difficult for the Japanese troops in the forward areas to discriminate and handle these men properly. To get best results of our propaganda, we should be very careful in the treatment of these men. Even a small slip costs a lot.

Object.—The object of this scheme is to set up a satisfactory system for their :—

" 5—0700 hrs. Reached a village 2 miles south of Okpo. The Japanese are going East from Okpo. We are going to Leptedan. They have no further use of the I. N. A. All Liaison officers, etc. were withdrawn at Prome. The discipline and morale of tps. have deteriorated, no control, officers are leaving the men.

" 7—0800 hrs. After travelling all night reached a village 10 miles north of Taikchi. The Discipline and morale of tps. is completely gone. One soldier fired at Col. Dhillon but luckily missed. " 12—0700 hrs. Started and reached Wata at 1000 hrs. where we stayed for the day. Here found that Pegu was occupied by the Br. 10 days back and that Waw is under their control. Now there seems to be practically

no chance of our getting through. Sent a patrol to next village to get more information. Decided to spend the night at Wata.

May 13—Full information re: Br. forces received. Appears to me that we are completely cut off. No way to escape. At 1900 hrs. left the village and marched to a jungle where I gave full facts to the men. Majority decided to become P of W. Yet I am not prepared to surrender, and would like a little more lingering about in jungle of Burma.

.. 14—P of W. Party marched off at 1000 hrs. with Major Jagir and A. B. in charge. My party with Col. Dhillon, Major Mehr Das and 80 men stayed behind to see what the fate has in store for us, at 1600 hrs. started from a village 7 miles west of Pegu and reached village Loga approx. 16 miles west of Pegu. There are also many Japanese who are trapped in this forest. All the inhabitants are very pro-British. Our strength now is only 49.

.. 17—At about midnight 16/17 as entering the village Sitpinzeix we were heavily fired upon by men of 2/1st Punjab Regiment from a range of 15 yards. Civilian guide was killed. I lost my bag. Spent the night in jungle. 0800 hrs.

started but found all routes blocked. At 1800 hrs. captured by 2/1st and taken to Pegu Div. Hq. Corp Hq. and jail.

Special order of the day.

Subhas Chandra Bose, Supreme Commander, Azad Hind
Fauj, Burma.

Dated 9th February 1944.

The eyes of the whole world are focussed on the Arakan Front, where events of far reaching consequences are taking place to-day. The glorious and brilliant actions of the brave units of Azad Hind Fauj working in close concert with the forces of the Imperial Nippon Army, have helped to foil all attempts by the Anglo-American forces to start counter-offensive in this sector.

I am sure that the brave deeds of our comrades on the Arakan Front will be a great inspiration to all the officers and men of the Azad Hind Fauj wherever they may be stationed at the present moment. Our long awaited march to Delhi has begun and with grim determination, we shall continue that march until the tricolour National Flag that is flying over the Arakan mountain is hoisted over the Viceregal Lodge and until we hold our victory parade at the ancient Red Fortress of Delhi.

Comrades, officers and men of the India's Army of Liberation: Let there be one solemn resolve in your hearts—'Either liberty or death.' And let there be but one slogan on your lips 'Onward to Delhi.' The road to Delhi is the road to freedom. Victory will certainly be ours.

D. O. No. 16/2/18/MS. Burma, 16th June 1944.

Dear Colonel,

Your report, dated the 15th of May, together with your points for Netaji were received here on the 4th June. A copy of your telegram asking for lorries, horses, sugar and oil, etc., was also received on the same day.

Major N. N. Khosla together with Rear H. Qrs. had already left. I hope the M T. with the Rear H. Qrs. would be able to relieve the transport situation to some extent. We are doing our best to buy some horses, but unfortunately most of the good horses have already raised an A. T. Platoon from among the old 3rd Cavalry personnel and as soon as we have bought 20 horses, arrangements shall be made to send them on to you.

Four thousand ground sheets have already been sent with your Rear H. Qrs. No. 2, Engineer Coy., No. 2. Hospital, No. 1. M. T. Coy. and No. 1. Mortar Coy. have already left for the front. No. 1 M. T. Coy. and No. 2 Eng. Coy. shall come under Command of No. 1. Div. after they arrive in Mandalay. Although I have not been able to get the Hikari Kikan to state in absolutely concrete terms, they have given me to understand that No. 1 M. T. Coy. shall be employed to carry out tpt. duties for No. 1 Div.

We tried to get a wagon to send some soap, gur, oil and mess tins to you but unfortunately were not successful. However, a wagon has been promised us next week when No. 4. Engineer Coy. shall leave here.

At present communication between our H. Qrs. and the front line units are most inadequate. We have started

a weekly courier service between Rangoon and Mandalay and from there the H. Qrs. in Maymyo are trying to make arrangements for D. R. L. S. to the front line. I have also taken up the question of wireless communication with the Hikari Kikan. Their original objection was that our cipher was too simple, however, we produced other modified forms of our cipher which came up to their standard, but they wish to make another code based on the Nippon Army Code, for us. Even after that the question of equipment and trained personnel shall still remain and we may have to fall back on using the Nippon Signal Units to send our messages. In that case a code consisting of numerals alone may solve the script problems. I am at present trying to find some solution to this problem and if you can help me by some suggestions, I shall feel most grateful.

Every one here has been most thrilled to read about the bold action of the Unit No. 24 from 24th April to 6th May 1944. I shall feel very grateful if you will please convey my heartiest congratulations to Col. I. J. Kiani, Pritam Singh and others who took part in it.

Staff officers of the Mori Head Quarters, from time to time, inform us of the very good work being done by the units under your command and the other day we were told by a senior officer of Mori H. Qrs. who has recently returned from the front line that he had met you in the front line and that all the neighbouring units spoke very

highly of your brilliant leadership and the wonderful work being done by the units under your command. It is indeed a matter of pride for us all that the vanguard of the I. N. A. is creating traditions which the following units shall do well to follow.

Please give very best regards to Major Hassan and other officers.

With best regards.

Yours sincerely,

Jai Hind.

Rangoon, 20th August, 1944.

Dear Zaman,

I received your report, sent from You, on 23rd August 1944, together with a copy of Col. Shah Nawaz's report (incidentally original of that report has never been received here yesterday) and I immediately took up the reports to Netaji. Yesterday evening Netaji had a conference with Lt. Gen. Ishoda concerning the matter mentioned in your report, I was also present during the discussion. Throughout the Conference, although he promised to send telegrams here and there, it was quite apparent that either he (Gen. Ishoda) could or would do little.

Ever since, the Japanese have decided to go on the defensive, I feel a change in their attitude, which I find very difficult to explain, may be, you can explain it better than I can. Anyhow, one thing is certain that we can expect little help from Nippon authorities in Rangoon. You will have to tackle Hayachi Butai to solve most of your problems. We even offered to send a steam launch from Rangoon to relieve a Nippon steam launch in the front line which could be despatched immediately to Yirwam to evacuate the four hundred men of No. 1 Grla Regiment. But even that they did not agree to.

We have managed to collect about six lorries, which are being touched up in our workshop and as soon as they are ready, they shall be sent forward to help to solve the transport problem. Another emergency hospital to function in Mandalay has also been organised and as soon as we can get some equipment from the Japanese, it shall be sent there.

Arrangements are also being made to buy enough cloth to give two sets of clothing to all our men coming back and a Boot shop is also being organised to make enough boots for whole of No. 1 Division. Our main difficulty is to get the materials, they are not available at any price. We, here, are trying to do our best, which is mighty little, to help the people coming back. Feeling of impotence and frustration for not being able to do anything to lessen the suffering of our comrades is terrible.

Lt. Col. Habib-ur-Rahman has gone to receive the new area where Nos. 1 and 2 Division are going to be sent, and he is expected back here any day. As soon as he returns I shall try and move up to see if I could be of any help.

Please give my best regards to Inayat, Hassan and Arshad.

Yours

*1. The Supreme Commander took up the matter with the Chief of the Hikari Kikan, who has promised to take the following action in the matter :—

- (a) Approach the Mori Head Quarters to allow No. 2. M. T. Coy. I. N. A. to retain their lorries until the evacuation of No. 1. Div. troops is completed.

- (b) Send a telegram to make arrangements to supply rations to 150 men in Mawlik, if these men have not already been withdrawn.
- (c) Send a telegram to Hayashi Butai, to try and arrange the withdrawal of 250 men from Sitlong by boats.

It is not possible to send any boats from here to Tirwan and it also appears that the Yeu river is in floods and transport up-stream is most difficult, however Chief of Hikari Kikan has promised to take up the matter with proper authorities to arrange for the evacuation of these 400 men of No. 1. Grla. Regt. in Tirawan. If it is not possible to evacuate these men at the present moment, arrangements shall be made to send ration supplies and medicines to them.

3. The Chief of Hikari Kikan pointed out that by the time reports from No. 1. Div. are received in Rangoon, it is sometimes too late to take any action, therefore, he suggested that Comd. No. 1. Div. should stay near the H. Qrs. of Hayashi Army, who may be able to help in solving our problems. The Supreme Commander has agreed to this suggestion and wishes Comd. No. 1. 1st April 1945 :—A Nippon Platoon stationed on hill feature 1395 astride Seiktin-Welaung road sent the following report about the enemy movements :—

he intended to go through Seiktin towards Kabyu. A fighting patrol under S. O. Abdullah Khan of 546 Unit was sent to Seiktin area. This patrol contacted one small enemy fighting patrol in the vicinity of Seiktin, but no enemy formation was seen in Seiktin area. The patrol returned to the base at 0400, hrs. on 2nd April, 1945.

One Recce Patrol under S. O. Ram Dutt of 546 Unit was sent to Tada to bring back information about the enemy in that area. This patrol did not return by day-break on 2nd April, 1945.

2/Lt. Gharib Singh, Mortar Pl. Comdr. of 546 Unit deserted during the night.

There was no enemy activity during the night.

2nd April 1945 :—(i) An enemy force between 500 to 1000 strong was seen in the vicinity of the cross. 11.30 hrs. road on the 25 mile stone, Welaung-Seiktin road. There were a few lorries and a few motor cycles with this force.

(ii) Another enemy force about 1000 strong and some tanks were seen in the vicinity of the Nullah North East of the cross road at the 25 mile stone, Welaung Seiktin road. This enemy force was seen digging in.

13. 10 hrs. 13 enemy planes heavily bombed and machine gunned Legyi for about 40 minutes. The whole of the village was set on fire and some damage was done to our positions on the left of the

road, but our casualties were only slight. As soon as the air raid was over, enemy artillery opened harassing fire on our position. This harassing fire was continued until 2105 hrs.

1600 hrs. (iii) 3 enemy tanks were seen passing Thanbin village and 3 lorries, 1 gun and 40 men were seen under the palm trees in the vicinity of Thanbin. It appeared that the enemy was carrying out a recce of that area.

1700 hrs. (iv) An enemy force in 5 lorries supported by tanks moved towards Seiktin and Legyi. In front of this force were some dismounted men who advanced forward pretending to be gathering something from the fields on either side of the road. When the enemy came within range, 1 section of machine gun opened fire. A number of the enemy were seen falling down and the remainder disappeared into the Nullah. The tanks and the lorries fled towards the cross road on the 25 milestone Welaung road. One of our machine guns was fired personally by Lt. Yasin Khan the M. G. Coy. Comdr. During the day no other enemy force approached Legyi. The enemy force that had moved towards Thanbin, also returned towards the cross road.

2200 hrs. (v) Lt. Yasin Khan Lt. Mohammad Sadiq, S. O. Abdul Hakim with some N.C.O.S. and men deserted.

2300 hrs. (vi) S. C. Ram Dutt and his men who had gone on patrol duty to Tada area, the previous

day returned and reported that there was no enemy in Tada area and that Seiktin was clear of the enemy.

(vi) It was quite apparent that the enemy during the day, had been reconnoitring and feeling our positions and that a full scale attack was imminent the next day, therefore 1 Coy. from 548 Unit under the command of 2/Lt. Kanwal Singh was brought up and put up into position on the right flank.

3rd April 1945 :—A great deal of alarm and despondency was observed among the officers and men, owing to the desertion of Lt. Yasin Khan and his companions on the previous night. Every body appeared to feel that the enemy had full information about our dispositions and as he has such overwhelming strength, our case was hopeless. Lt. Khazin Shah was also in a very bad state of nerve. I realised that he was not fit to command the battalion any more, therefore, I sent him to keep an eye on a Coy. Comdr. whose movements were also suspicious and I personally took over the direction of the battle.

1130 hrs.—(i) An enemy force, composed as under, was seen moving towards Tasbaukkon and his forward elements had already reached Thanbin :—

Medium tanks	...	13
Light tanks	...	30
Lorries	...	60
Guns, more than	...	10
Infantry	...	1000

This report was given by a Nippon (C.P. which was in Legyi village area, and it was confirmed by Comdr. C Coy. which was the left forward Coy. 545 unit. Later a part of this force was seen to be returning towards Seiktin and a large number of troops were seen debussing in the Nullah, North-East of Seiktin. A group of officers was observed carrying out recce and issuing order under a palm-grove on the right of the road, about 2 miles in front of our positions.

1200 hrs.—(iii) Enemy artillery opened harassing fire on our positions.

1300 hrs.—(iv) An enemy force consisting as under, was seen advancing along the road towards Legyi :—

Medium tanks	...	11
Armoured cars	...	30
Lorries	...	60

This force halted about 1000 yards in front of our position and deployed.

1330 hrs.—(v) A small force of the enemy went round our night flank and attacked our 'B' Echelon. This was a complete surprize and our men were caught cooking food or carrying ammunition, rations and water. The casualties in our side were very heavy. The enemy occupied that area and was joined by some enemy tanks which moved round our left flank. No information of the action was received in the H. Qrs. until 1900 hrs.

1345 hrs. (vi)—Heavy shelling on the right flank followed by an enemy attack by approximately one

Battalion on the position occupied by one Coy. of 548 Unit. The place was gallantly defended by the coy. and the enemy was pushed back after suffering heavy casualties.

1400 hrs.—(vii) Approximately 1 platoon of the enemy opened light automatic and mortar fire in our position from the high ground astride the road in our rear. This fire was returned and the enemy was dislocated from his position.

By this time enemy artillery and mortars were shelling us from the front and our right rear and left rear.

1600 hrs.—(viii) Enemy artillery opened rapid fire on the right flank and continued the fire for approximately 10 minutes. This was followed by an attack by approx. one enemy battalion on 1 coy. of 548 unit. This coy. once again defended their position most gallantly and drove the enemy back, who after suffering heavy casualties, fled in disorder.

During the whole of this operation 2/Lt. Kanwal Singh, the Coy. Comdr. and Havl. Abdul Manan, one of the Pl. Comdrs. stood on top of 2 hills and directed the fire of their units. These two brave officers did not stir from their command posts, even when the enemy small arms fire was concentrated on them. It was due mainly to the gallant action of these 2 officers that the enemy was beaten off.

By now it was apparent that the enemy was determined to make a break through on my right flank. Therefore I decided to withdraw back into reserve C Coy. of 546 Unit which was on the left of the road. Accordingly I approached the Nippon Coy. Comdr. in that area and requested him to assume the responsibility of stopping an enemy penetration from that side and linking up with B Coy. of 546 Unit which was covering our left flank. This plan was agreed to and I ordered C Coy. Commander to withdraw his Coy. back and put one platoon astride the road south of Legyi and the remainder of the coy. to be in reserve, prepared to counter-attack in any direction where the enemy may penetrate.

1900 hrs.—(ix) Report received about the enemy attack on our B Echelon and the enemy occupation of that area. Orders issued for C Coy. to attack and drive the enemy away from that area. When these orders were issued, Lt. Khazin Shah reported to me that there was only one PL. of C Coy. available. The other two platoons under their commanders, S. S. O. Barifi Ram and Hav. Baldev Singh came running towards them and after a short conversation with the two platoon commanders, these 2 platoons and one mortar platoon went over to the enemy. This matter was reported to Lt. Khazin Shah by a Tamil soldier, who managed to get back.

I issued orders to withdraw one pl. from A Coy. and 2 sections from 2/Lt. Kanwal Singh's Coy., this together with one pl. of C. Coy. under command of Lt. Ganga Singh was to immediately attack the enemy in our B Echelon area. I ordered 2/Lt. Bhopal Singh, Regtl. Intelligence Officer to accompany Lt. Ganga Singh. Lt. Khazin Shah was in the meantime, to look after A Coy. in the absence of Lt. Ganga Singh. The attack was supported by 2/Lt. Kanwal Singh's Coy. The section of 2/Lt. Kanwal Singh's Coy. did not arrive in time but the attack was launched by two pls. at 2100 hours, and was completely successful. The enemy after suffering heavy casualties fled in disorder.

1930 hrs.—(x) Heavy artillery fire on our right flank and rear and 2/Lt. Kanwal Singh's Coy. was attacked for the third time and once again the attack was beaten off.

2100 hrs.—(xi) Enemy force about two Coys. strong accompanied by tanks moved towards the left flank of B. Coy. of 546 Unit which was covering our left flank but this force was pushed back after a short skirmish.

2130 hrs.—(xii) Report received that the enemy had been completely cleared from B Echelon area and that the attacking gp. under Lt. Ganga Singh had occupied a position on the hills astride the road south of Legyi.

(xiii) Report received that Lt. Khazin Shah with whole of his Bn. H. Q. and one pl. of A Coy. under S. O. Abdullah Khan had deserted. This matter was intimated to 531 Unit and it was requested that reinforcement should be despatched immediately. Major A.B. Singh from 531 Unit informed me that one Coy. of 548 Unit under Major B. S. Negi was moving to reinforce Legyi.

(xiv) Report received that Lt. Ganga Singh, 2/Lt. Aya Singh and 2/Lt. Narindar Singh had deserted. Ordered 2/Lt. Bhopal Singh to take command of A Coy. By now whole of the Bn. H. Q. and all the five Coy. Commanders with about 200 men including the whole of the mortar Coy. with their mortars had gone over to the enemy side. The remainder of 548 Unit could not be trusted. One Coy. of 548 Unit had fought most gallantly the whole day and by now was completely exhausted. The men had lived on biscuits and one bottle of water for 24 hours and were completely overcome by thirst and fatigue and were not in a position to stand another onslaught by the enemy.

4th April 1945—(i) 1 Co. of 548 unit with 1 Section of M. Gs. under Major B. S. Negi arrived. They had left the road well clear off Legyi and approached

our position from the east. They were heavily fired on by the enemy, but luckily suffered no casualties.

I now appreciated the situation as follows :—

- (a) Our position was completely surrounded and the enemy was overwhelmingly superior in numbers and armaments.
- (b) The morale of 546 Unit was very low and it was most likely that some of them may possibly go over to the enemy.
- (c) All the officers and men were completely exhausted and unable to face another attack by the enemy.

Therefore I sent for the Nippon Coy. Commander to consult him about our future action. He reported to me that another Bn. of his Regiment was moving up to occupy that position.

I decided to withdraw my tps. on the arrival of Nippon B. and I rang up 531 Unit to ask the Commander 531 Unit for orders, but as the Commander 531 Unit was not available I decided to act on my own initiative.

- (ii) I issued orders that on arrival of the Nippon Bn. the I. N. A. Unit in Legyi area were to fight their way eastwards. Soon after I issued these orders, I discovered that the enemy had left the road and that the road between Legyi and Popa was clear. Therefore, I altered the original orders

and issued instructions to withdraw along the road.

0430 hrs.—(iii) I received the information that the Nippon Bn. had arrived.

0500 hrs — (iv) Withdrawal was commenced and carried out without any casualties.

SPECIAL NOTES REGARDING DESERTIONS.

The three most salient features re : these desertions from No. 546 units are :—

(a) All the officers who have deserted, had here to work most sincerely and considered very outstanding. Specially noteworthy among them were Lt. Khazin Shah, Lt. Yasin Khan, Lt. Ganga Singh, 2/Lt. Chain Singh 2/Lt. Balwant Singh, S. O. Barfi Ram, S. O. Abdul Hakim, and Hav. Baldev Singh. On many occasions these officers had proved their devotion to the cause, and fought bravely and I had no occasion whatsoever to doubt their loyalty.

(b) None of the officers who have gone over, ever showed cowardice, and right up to the time they went over they fought most courageously.

On the 2nd when the enemy approached our positions, Lt. Yasin Khan personally manned a M. Gun and opened fire on the

enemy and throughout the action, under heavy enemy artillery fire, he was going from post to post keeping up the morale of the men. On the night of the 29th when my party had been ambushed, 2/Lt. Balwant Singh, S. O. Barfi Ram and Hav. Baldev Singh showed complete disregard for their personal safety and fought most bravely.

S. O. Abdullah Khan had already distinguished himself for which he had been recommended for the award of Veer-e-Hind and he and S. O. Abdul Hakim were always singled out for the most difficult patrols.

On the night of 3rd Lt. Ganga Singh with about 45 men attacked and drove away a much superior force of the enemy.

- (e) Not a single person ever showed cowardice in the face of the enemy. Our positions were attacked by very superior numbers, but not a single person ever left his post. We, with small Units, attacked the enemy much superior in numbers and in armaments, but not a single soldier ever wavered. There were no desertions from a Unit as long as the Unit was in contact with the enemy, on the contrary, the Units fought with unrivalled determina-

tion and utmost bravery. Lt. Inuzuka, the Hikari Kikan Liaison Officer, was so impressed by the brave fight put up by these officers and men that he told me that that was the biggest battle ever fought by the I.N.A. against such overwhelming numbers of the enemy. He felt that the manner in which the unit had fought surpassed even the Nippon tps. He conveyed these expressions to H. Q. 531 Unit with a request to pass them on to H. E. Netaji Subhas Chandra Bose, the Supreme Commander, Azad Hind Fauj.

After a very careful study of these points and the circumstances under which the unit fought, I am of the opinion that these desertion were mainly due to the following causes :

- (i) Turkey's alignment alongside the anti-axis powers has had a very adverse effect on certain Muslim Officers. In spite of our efforts to explain to them the circumstances under which Turkey has been forced to join the War, the officers feel that by fighting against powers that are allied with the Turks, they are being disloyal to Islam.
- (ii) In the minds of a number of officers and men there is a lack of faith in our final victory. They are in their own minds convinced that the Anglo-Americans are going to win the war and it is futile to carry on the struggle.

(iii) In this particular operation, after the desertion of Lt. Yasin Khan and his companions, there was a general feeling among the officers and men of the Unit that it was useless to continue fighting against the enemy, so superior in numbers and armaments and helped by the traitors, who had gone over to his side. Majority of these officers, under normal circumstances, would never have done anything treacherous, but finding themselves so overwhelmed, they did not have the moral strength to continue the struggle and decided to save themselves by going over to the enemy.

Before I conclude this report, I, feel it my duty to pay a tribute to the steadfastness, devotion to duty and bravery of those of the officers and men (although some of them turned traitors afterwards), who fought most courageously and desperately against heavy odds and checked the enemy from penetrating our positions. Thinned in numbers, exhausted by hunger and thirst, weary both in mind and body, these brave soldiers of the A. H. F. tenaciously hung on to their posts until the arrival of the Nippon force.

There were many cases of individuals whose actions deserve merit, these are being investi-

gated and a fuller report will be submitted about them when these investigations have been completed.

Lt. Col.,

Commander No. 747 Unit A. H. F.

After writing this report, another important fact has come to light. In majority of the cases, when officers were going over to the enemy, they ordered the N. C. Os. and men under their commands to move with them under the pretext of either changing their dispositions or of attacking the enemy. Enquiries are being made into such cases and attempts are being made to separate the names of those persons who have gone to the enemy of their own accord and those who have been taken away under false pretences.

Special order of the day

By

Lieut. Colonel P. K. Sahgal Offg. Comd. No. 2 Div.

A. H. F.

21. In a Special message addressed to the Commander of No. 2 Div. A. H. F. His Excellency Netaji Subhas Chandra Bose, the Supreme Commander of the A. H. F. has called upon all Officers and men of No. 2 Div. to make every sacrifice and to exert all their efforts to defeat the enemies of India.

Sathis, we have the privilege of fighting in the foremost ranks of A. H. F. so it behoves every one of us to be prepared to make the supreme sacrifice to uphold the honour and glory of Free India.

Enemies of India have managed to cross over to the left bank of the Irrawadi and our valiant allies, the Nipponese, are fighting grimly to defeat and annihilate this enemy.

Owing to the heavy losses suffered by the enemy, their morale has gone very low. They are entirely depending upon their air support to carry on fighting, but whenever they have been attacked by our forces, they have always fled from the battlefield.

In the name of thousands of martyrs who have patiently suffered for the cause of Free India and in the name of the heroes of the A. H. F. who have sacrificed

their lives at the altar of India's Independence, I call upon all the officers and men of No. 2 Div Azad Hind Fauj, to hunt for the enemies of India and destroy them wherever they may be found.

Extract from the Diary of Capt. P. K. Sahgal (2/10 Baluch Regt.) for the year 1945.

- Jan. 24. Went to the range in the morning and fired the new Mortar, it is a very accurate weapon, but the ammunition situation is not very satisfactory. Very busy carrying out the re-organisation of the Regt. In the evening received orders that 29th has been finally fixed as the date for my move.
- Jan. 27. The whole day very busy getting my first Bn. ready to move.
- Jan. 31. Issued orders and instructions regarding the move of the Div. from Prome to Kyauk Padaung.
- Fe. 4. New Promotions have been published and there was a ceremony at Netaji's banglow when Zaman was presented with Major General badges rank. Saw Netaji for short time about the move of my Regt.
- Feb. 8. Got the news that my Role is going to be defence of Popa Hill.

- Feb. 13. Left Rangoon at 0700 hrs. by car—spent the day at Sako Butay H. Q. Rest house. Had a long discussion with Major General Iwakuro about the employment of No. 2 Div.
- Feb. 17. Arrived at Yenang Yaung early in the morning. Recd. reports that enemy had already crossed the Irrawaddy river most serious. Met Maj. Gen. Yamanoto and discussed the situation with his Staff Officers.
- Feb. 18. Arrived at Popa early in the morning and met Dhillon who had arrived the previous day. Dhillon told me that the crossing took place on his right flank where Japanese troops were guarding the crossing. He also told me that Capt. Hari Ram with a number of officers and men had gone over. One of his Coys. and one Pl. refused to go over to the enemy. Capt. Chander Bhan's Bn. fought most gallantly and at the end managed to extricate themselves. He expected within the next 2/3 days, he will be able to gather nearly 500 men. This is good news.
- Feb. 19. Dhillon is very despondent about the condition of the Regt. There is no discipline left and the morale is gone. They are a source of nuisance to me also because they wander about and give away my positions also.
- Feb. 22. Col. Shah Nawaz and Boobi arrived early this morning. Col. S. N. is taking over the Tempy.

Command of the Div. until Col. Aziz gets well. Spent the day explaining the current situation to Col. S. N. Comd. in preparing the defences of Popoa. Came to call on Col. S. N. He seems to be a decent sort.

Feb. 23. Climbed up Pt. 1640 with Col. S. N. to explain to him the defences of Popoa. An order from Saku Army was received to the effect that the I. N. A. units should carry out Guerrilla activities to help the Nippon units attacking the enemy. S. N. decided to form 4 Coys. out of No. 4 Guerrilla Regt. for this job. Went with S. N. to see Dhillon, who agreed to S. N's plan. S. N. left to report the situation to Netaji.

Feb. 24. Early morning received information that enemy tanks have broken through a Seiktin. One Bn. of Kanju Unit has taken up a defensive position at Kyauk Padaung Myingyan road. My Regt. takes over the responsibility for Popoa Pyinbin road. Sending out a recon patrol to find out the situation on this road. I may have to employ one of Dhillon's Coys. to carry out Guerrilla warfare in Pyinbin area.

Feb. 27. Late last night report came thro' that some enemy had gone to Pozu near Kyauk Padaung and it was confirmed that it was only a fighting patrol supported by tanks and carriers. I am convinced that we must attack Meyne immediately

but I have no force available for the task. I requested the Kanjo unit to either take up a defensive position in my area for a day and relieve my forces for an offensive or to lend me a couple of Coys. to co-operate with my attacking units. I hope the Comd. will agree with either of the two suggestions.

Feb. 28. Information from Nippon source that some enemy lorries have been seen going towards Kyauk Padaung from Pyinbin. I do not consider the Inf. trustworthy. Kanju Butai is going to attack the enemy tonight. I've promised to block the road behind the enemy to cut off his retreat.

March 1. I had to sentence an officer to death this morning for refusing to go to the front. What a pity! it is such a waste of human life. Information received that Majors Riaz, Madan, Sarwar, Dey and Lt. Mohammad Bux who went on an exercise last night have not so far returned. I am terribly worried about them. I do hope that they have not gone over to the enemy.

March 2. Those officers have not returned so far. I am certain they have gone over to the enemy—the treacherous swines. From now on I am going to be absolutely ruthless. I have already replaced one Bn. Comd. I have issued orders that any one making a suspicious movement is to be shot immediately. I wish Shah Nawaz would come

back soon and take charge of his Division, then I can devote more attention to my own Regt.

March 3. News from Khanjo Butai that they are going to start an offensive w. e. f. tonight. I have promised to protect their left flank during the attack, but I am very keen that at least some of our own forces should participate in the offensive. I hope the Nippon side will agree to my suggestion.

March 4. Comd. of Kanjo Butai came to have dinner with me while we were having dinner, news came that my patrol had captured 3 cars and put to flight an American patrol who left 3 dead bodies behind

March 5. Managed to bring back 2 of the Jeep cars and the captured arms and ammunition and one wireless set. About 1200 hrs got the report that an enemy force about 500 strong with tanks and guns were advancing towards No. 1 Bn.s position. I rushed to Bn. area where I got the news that the enemy had burned Daungle and was around there. I had 2 platoons out, one of which kept on harassing the enemy who moved off towards my right flank. Got the news that the Japanese Bn. on my right had moved forward and that my right flank was in the air. Rushed up one Coy. to 4 Guerrilla and 2 platoons of No. Inf. to fill up the gap. No attack by the enemy.

March 6. A quiet today. The enemy force that came yesterday did not stay to fight. Enemy threat on

the Kyauk Padaung Meiktilla road getting to be dangerous. Ordered No. 4 Guerrilla Regt. to take up a defensive position around Kyauk Padaung to meet any enemy advance from Meiktilla or Pagan side. Kawabara told me that it was most likely that my Regt. would carry out an offensive along the Kyauk Padaung Pagan Road. I hope it will be so, because I am confident my Regt. would give a very good account of themselves in such an action.

March 7. Bulk of my Regt. has not so far arrived and as we have to get a Regt. ready to undertake the attack by the 10th. Much against my will, I had to detail No. 4 Guerrilla Regt. for the attack. In the afternoon received a message that an enemy patrol is in village 3 miles from Daungle. I have told Khazin Shah to carry out a raid. I hope it will be successful. Went to look for 2nd Division parties, found one on the way. Discovered that they had been delayed owing to a heavy air raid.

March 8. One party of the 2nd Division arrived to-day. One S.O. and Sep. had been killed owing to enemy air raid and two persons had been wounded. In spite of every thing, the moral and spirit of the men is very high. Enemy aeroplanes dropped pamphlets specially addressed to the officers and men of my Regt. These pamphlets were signed by Maj. Mohammad Sarwar, the dirty swine.

March 11. Lt. Ali Hussain with one S. O. and two other men went over to the enemy to-day. They tried to take one of my Sepoys with them, but he escaped from them and came back. I have taken into custody all the officers and men whose movements are suspicious.

Dhillon has gone into attack to-day. I hope he will do something really good. We need, too, to wash off the disgrace that has been caused by these traitors.

March 13. Dhillon must have gone into attack last night, but no news of the result as yet.

March 14. News that PYNBIN has been re-occupied by the Japanese and other are only about 500 enemy in Taungoon.

I must attack them immediately. The enemy, I believe, is on the retreat. Dhillon attacked Taungoon last night, but there was no enemy. I have made up my mind to move out to-night with two companies of Banta Singh's Bn. and attack the enemy.

March 15. Marched off from Popaywa last night at 2330 hrs. and arrived in Setstyo at 0600 hrs. to-day. Marching thro' the sand very hard indeed, Bullock carts carrying water could not reach us, nor could my car and the motor cycle. Had to buy water locally. Laised with the Nippon Coy. Comd. who said that he knew everything about the enemy

dispositions. Decided to attack to-night with one platoon of the Japanese co-operating. I had a severe attack of Diaphorrea—feeling very weak.

March. 16. Left Setstyo at 2130 hrs. on the 15th. Arrived Myene at 2330 hrs. Met no enemy on the way. Took up a position at Myene with 2 pls. Attacked from the left flank with one coy. under 2/Lt Jogindar Singh and made a faint from the right flank with one Platoon under Amar Chand. Two sections of the Japanese accompanied J. S. and one S. C. A. C. J. S. attacked 4 lines of the enemy trenches, but met no enemy.

March 17. The Japanese were reluctant to go forward after the first line, but J. S. had to beat them to take forward. A. C. met a small patrol of the enemy who opened fire on him. A. C. replied by throwing grenades. Casualties enemy about 8 to 10 killed. Our side one killed and one missing. Returned to Setstyo in the morning and spent the day there. Left Setstyo at night and marched back and arrived Popaywa in the morning of the 17th.

March. 19. News from Dhillon. His fellows are putting up a brave show; they attack a hill 3 times and eventually captured it and killed about 300 enemy; his casualties have been pretty heavy too.

March 20. Khango unit has been ordered to prepare themselves to go into attack. I have to take over the

defence of the whole of Popoa and Kyauk Padaung area. Moved Banta Singh's Bn. to cover Kyauk Padaung-Meiktilla road. No definite information about the enemy in Meiktilla area. I have ordered B. S. to send a patrol in that area to find out. Shah Nawaz has told the Japanese that we must be given a share in the offensive. I quite agree with him, but do not think will get a chance too.

March 23. Last night went to Kyauk Padaung and in the morning went round Banta Singh's position—a hot and tiring business. Japanese patrol returned from Meiktilla area. After receipt of the information I am convinced that we should attack Meiktilla from our side. Of course, we must have more detailed information about the general situation before we can undertake such an attack and must coordinate it with the Japanese attacks.

March 26. Our milk goat died in the morning. So from now on we shall be in milk-less coffee. Conference with the Khanji Comd. about the coming operations and sent out patrols to recon the area in which I shall be operating. I do not like the task that has been allotted to Dhillon. Both our resource in tpt. we shall never be able to keep him supplied with water. I suggested to Shah Nawaz that he should be withdrawn from that area.

March 27. I have been reading Stonewall Jackson, there is little doubt that he was a great General. Still

he is so little heard of. I put up my plan to Shah Nawaz and he has approved of it. It is a simple one. I am going to put a Bn. astride and in the high ground in the right of Sektien-Welong Road and basing one Bn. N. W. of Perktien. Carry out harassing attacks against enemy in Pyinbin from Tada area.

March 28. The Nippon Haidan which was expected to be in Sektien area has not arrived so far. So my plan of action is, I think, a very sound one. Elaborated it and issued orders. One to be due to move to-night. Shah Nawaz sent for me at about 19-30 hrs., he is very worried, because he has no reserve at hand in case the enemy counter-attacks along Pynbin-Ovin Road, I do not think it is likely. I consider an enemy counter stroke from Welong side more likely, still S. N. persisted so I had to alter my plans. I will put only one Coy. to defend Welong-Sektien Road and leave the remainder of the Bn. Popaya area until the arrival of Dhillon's Comd. when I may expect them to join me.

3rd March 1945: Enemy about 300 strong, Nationality Indian, was located digging near Kaungnyo. On Kyaune Padaung-Nyaungu Road, four carriers were seen 13 miles from Eyauk Padaung. Later on, towards the evening at about 2000 hrs. some enemy estimated about 500 was also found about eight miles from Kyaunk Padaung on the same road.

A recce patrol of the enemy came about two miles from Pozu at 1800 hrs. They were fired at by a Japanese post thus making them run away.

It has been found that the villagers round about Taung Lin area, given information to both sides. They have told the enemy that Azad Hind Fauj is located in most of those villages. The result is that the enemy is very cautious. The enemy tactics are very much dependent on

tanks, armoured cars and carriers. Usually they do not send out a party less than about a hundred. The vehicles carrying these parties are escorted in front and in the rear by A. F. Vs. on reaching a place where they need stopping, they fix their M. Gs. and Mortars before debussing the troops.

It has been noticed that many new foot paths have been made in the camps. As the enemy is superior in air, these paths give out exact positions of our location. Unit commanders and officers must always keep their men warned against this danger.

Still, sentries are found at night challenging very loudly or making enquiries from approachers in a very loud tone. An enemy spy near about can get much information which may cause us many lives and apart from that give enemy a tactical advantage. May unit commanders please take steps to check and rectify this common mistake.

The enemy patrol consisted of 15 British soldiers carried in three Jeep cars behind. It was confirmed from the Burmese that all the other numbers of the enemy patrol had also been wounded before they fled.

Following arms, ammunitions, equipment and vehicles were captured from the enemy :—

Bren Gun	1	Binoculars	2
Sten Gun	1	Compasses	1
Rifles	2	Shorts	2
Discharges cup	1	Blankets	8

The documents which were captured from the enemy will be sent in due course. The Map sheet which was captured from the enemy is sent to you.

Our losses were one slightly wounded.

From the documents found in the cars it appears that upto the end of Nov. 44, 2nd. Bn. S. Lancer were in Kohima in Dec. They moved to Pael and the Bn. has now arrived in this sector from Pael.

On the same date enemy with 7 lorries 3 carriers strength about 200 mostly Indians and few Americans were seen 9 miles from Kyauk Padaung on Kyauk Padaung Taungzin road. When they saw our patrol, they showed a white flag but when our patrol called them, they tried to open fire. Patrol being weak in numbers came back.

5th March 1945.—Out posts and forward patrols of No 515 unit saw an enemy composed of 4 tanks and about 500 infantry operating in Daungle area. As a result of some fire from both sides the enemy withdrew.

Patrols of 420 units found some enemy about 9 miles from Kyauk Padaung on Kyauk Padaung Taungzin road near a village Dhatsi. They were digging. This appears to be a permanent position.

On Kyauk Padaung Meiktilla road, small forces of enemy supported by tanks have also been reported by 420 units.

Unit No. 531.

Subject :—*Battle Report No 4.*

Ref : attached Sketch.

As per operation Order No 8. of 14th March 1945, of Unit No.450 timed 2037 hours, Unit No. 451 was occupying a defensive position on 11th March 1945 as under :—

A company commanded by Lieut. Kartar Singh in *Nglaiing* vicinity and 'B' Coy. commanded by 2/Lt. Gian Singh on North-East of *Kansawng*, with Bn. Head-

quarters South of ' B ' Coy., near a Nippon Coy. commanded by Capt. *Midori Kawa*.

At 0100 hrs. enemy artillery from North-Western direction started shelling heavily these positions. At that time a patrol from ' A ' Coy. commanded by Hav. Nazar Singh, was out in the direction of *Nyaungu* about one mile ahead of Coy. Headquarters. This patrol was fired at by an enemy about a platoon strong coming from *Nyaungu* direction on the Western side of the main road.

Our Patrol took up position at point ' A ' and exchanged fire, thereby killing seven of the enemy. A message from this patrol was sent back to Coy. Headquarters as to the enemy advance. ' A ' Coy. Commander sent forward another party of 10 men under 2/Lt. Dittu Ram to check the advance of that platoon, 2/Lt. Dittu Ram went forward and took up a position between the road and ' A ' point, i.e., point ' B.' He was also engaged and the enemy was held up.

At about 12.0 hours, 15 enemy tanks, 11 armoured cars and ten trucks came advancing by the main road, and started shelling and firing at point ' A '. Our men replied this fire with rifle and a Bren Gun. The enemy column changed its direction towards ' B ' Coy., and then to ' A ' Coy.

' B ' Coy. was given warning by the Bn. Headquarters through a runner. Soon the Coy. gained contact as the enemy A. F. Vs. came right into the Coy's locality and wanted to crush our men in the trenches. They started

shelling and throwing hand grenades into the trenches from inside their vehicles. The Coy. fell helpless against the superiorly equipped enemy. Two mines which were with the Coy. were used but unluckily both went missed. No. 5. and 6. platoons got out of the trenches and with Bayonets fixed charged on to the A. F. Vs. with shouting slogans of *Neta ji ki jai, Inqilab Zindabad* and *Chalo Delhi.*" The A. F. Vs. came to a stand still, enemy jumped out of them and the truck and a hand to hand fighting began which lasted for over one hour. 2/Lt. Gian Singh, Coy. Comdr. amidst men, was charging and inspiring them. No. 5 platoon Commander, his 2/Lt. Mangu Ram was killed and only about one-tenth of the two platoons were left when 2/Lt. Gian Singh called for No. 4 platoon Commander 2/Lt. Ram Singh, and was, issuing orders for a withdrawal from a standing position, when a bullet hit him in the head and he fell down. His death caused a little bit disturbance but 2/Lt. Ram Singh got hold of the situation by withdrawing the remnants of the Coy. to a rear position. At the same time the enemy also got into their vehicles after collecting weapons of the dead and withdrew. This engagement lasted from 1400 hours to 1600 hours approximately. The enemy lost about 50 killed and many wounded. We lost about 40 killed. Some of the seriously wounded—about ten—were captured by the enemy and taken back.

The enemy which had come towards A Coy. side, started first by shelling the village and then approached

the Coy. position. The A. F. Vs. entered the village. Enemy automatic from the ground also opened fire. Fire was also opened from our Coy. At about 1800 hrs. the enemy charged with bayonets and tommy guns. The Japanese set the village on fire thus making it a tank obstacle. The tanks could not approach and the enemy had to withdraw leaving back three dead. 'A' Coy. also lost three killed.

Towards the dark TAUNGZIN was still in our hands and the enemy withdrew. 'B' unit 551 then came back to a position near KWEBYOK for reorganization.

Only following articles were captured from the enemy.

Mag. Bren Gun	3
Hands Grenades	8
Amm 303" Rds.	100
Boot ankle Prs.	3
Trousers Prs.	3
Pay book	1 (attd. here with.)

Note.—One L. M. G., one Tommy Gun and a Rifle fell to Japanese lot.

Our losses were :—

Killed in Action.

Gian Singh		Regarding these two officers, I strongly
		ly recommend for a posthumous

		bravery is unparalleled in the history
		of War. Attacking of tanks and

A. F. Vs. may seem impossible, had these heroes, preferred to die fighting than to hands up or show their backs.

Other ranks killed,

Number about 50. A separate list is being submitted. Wounded in action and thus captured about ten, wounded brought back six.

The arms of our killed could not be collected as the enemy collected it and took back.

Beloved Nataji,

Jai Hind,

I have received your letter of the 12th March 1945. Not words, only tears could express my feelings.

I thank you with all my heart for expressing your complete confidence in me and in those who are with me. I assure you, our Netaji, on behalf of the Regiment that does not matter what may come in our way, we will continue the struggle according to your ideals and wishes to earn our Mother-Land's Freedom as long as a single soldier of this regiment is alive.

As for myself, my last words to you, at Rangoon, "Main ap ki ankhen kisi ke samne nichhi na hone dunga," have been ringing in my ears ever since I left you, and specially so after I have come back from NYAUNGW. I fully realize that in spite of reason, which may be produced, I have not only failed to do what I voluntarily promised, but have been the only regimental Commander to bring humiliation to you and to the Azad Hind Fauj. I have no face to promise again, only my action will do so.

Your letter has put a new spirit into us.

All the officers and men present here, and I, humbly and with warmest hearts have accepted your greetings. We are confident that God's grace and your blessings it will not be difficult to achieve success.

We all pray for your long life and health to guide us through this Holy War.

Unit No. 450,

Battle Report No. 5. Burma, dated 25th March, 1945.

Since the submission of the last report No—4 of 18th March 05, nothing of importance has happened, though the patrol activities on both sides have been on the increase. Some of the points noticed are reported below for the sake of interest and training :—

1. During these days who have been sharing the occupation of most of the places in our area with the enemy, we would occupy during the night and they during the day as if a definite settlement existed between the two.

2. Many a place have we attacked during the night only to find that there was no enemy.

3. Many a time our patrols were seen by the enemy patrols or vice versa and firing started on both sides mostly from long ranges.

One day, i. e. 20th March 05, at about 1600 hrs, an enemy patrol about fifty strong came in front of the dispositions of 'A' coy. 452 unit. Timely warning was given by the forward listening posts and our Coy. Comdr. Lt Ram Nath sent forward two platoons to encircle the enemy. Before this could be done the enemy started running back. Our men ran after him for about two miles as if chasing a game during peace time. The Coy. and Pl. Comdrs. tried their best to collect the two platoons, but men would not listen. Most of these men were civilian recruits from Malaya. The enemy was firing back at our men, but our men would not take to the ground, instead they said "Oe, bat to sun Jao." It was after about two hours that our Commanders could collect all the men. When told that you should not do like this and must make use of the ground—our men said, 'Sahib ham Kia Karen, dushman to rukta hi nahin hai, bhage chala jata hai' This story shows a grand spirit, but poor training.

4. It was learnt from the Japanese M. P. that the

villagers round about PONGO BIN informed that on the days following our attacks on Hill 1860, the enemy took back 3 full lorry loads of the dead. Of couers wounded must be more.

5. It has also been learnt that the enemy troops take away women from the nearby villages, west of TAUNGIN Hills by force, keep them for a day or so and then send them back. Rape cases being so frequent that the villagers are getting anti-British. This is another point where the enemy cannot defeat us for he may give them food stuffs, but honour cannot be compensated by anything and the Burmese people are very touchy as far as self-respect is concerned.

On 21st March 05.

Our positions of Unit No. 453 were disclosed to the enemy by a Burme Spy, and thus were heavily shelled, bombed, mortar fired and machine gunned, for about four hours during the afternoon. The result was, one man 2/Nk Sudarshan was so slightly wounded that even his evacuation was not necessary. This is a proof of taking to the cover.

7. Pooling the necessity of more training, it is being arranged by these H. Qrs. to issue "Training Notes During War" upto platoons within this unit. A copy of Note No. 1. is attached herewith.

As a result of this race, we got three 2" Martor, bombs and one rifle magazine with nine rounds, which the

enemy had to leave back to lighten the load or due to nervousness.

The charge of the immortals.

It was a flat stretch of land without any cover either from view or from fire, except a shallow dry pond near which there roads of great tactical importance meet. Four miles North-west of this point was a Hill 1423 feet high behind which the enemy Artillery was located so as to cover the road junction and the area south of it, the occupation of which would effect the entire plan of operations.

At a key point like this was placed a company of Azad Hind Fauj under the command of 2/Lt. Gian Singh Bisht, trained at the Officers Training School, Azad Hind Fauj. The company was only Ninety-eight strong. They had no Machine guns or even Light Machine Guns. Good old Rifles were their only weapon of defence or offence apart from two A/TK. Mines. Their orders were to check any enemy advance at all costs.

They remained in that position for two days, but the enemy dare not advance. Then on 16th of March 1945, starting early morning hostile Fighting Planes bombed and Machine gunned their positions until about 11 A.M. Having got rid of all the load they had, aeroplanes went away.

Then the enemy Guns from behind the Hill started registering, and behind this barrage of Artillery fire advanced a column of motorised Infantry consisting of 13 tanks, 11 armoured cars and 70 trucks. Half of this column made its way straight towards the pond where two Forward Platoons of the company were in positions. Lead and explosives were being thrown out of the Armoured Fighting Vehicles, but this would not frighten our boys, they waited in their trenches for the infantry to debuss. Tanks and armoured cars like steel monsters creating hell with their fire power approached so close that they started charging on to our trenches so as to crush and cripple our men under their heavy weight. Two mines were thrown in their way which unluckily did not burst, but they caused monsters to stop which having stopped became stationery pill boxes oozing out most inhuman forms of killing materials.

There was no communication between this post and the Battalion H. Qrs. when 2/Lieut. Gian Singh appreciated, that their Rifles fire was no match to the enemy's Mortars, Machine Guns, Light Automatics and Hand Grenades and their staying in trenches meant certain death or captivity with no loss to the enemy, he ordered, "Charge." Leading the assault he shouted slogans of "Netaji ki Jai" "Inqatab Zindabad," "Azad Hindustan Zindabad" and "Chalo Delhi." All the men responded to slogans which echoed above the enemy fire. This was the only support which these heroes had against the superior armament of the enemy. In the name of India and *Indian Independence*, they charged into the *Enemy* trucks. The enemy immediately debussed. Hand to hand fighting ensued which lasted for full two hours, but our heroes would not give in, forty of them sacrificed their

lives after killing more than their equal number of the enemy. Their unconquerable spirit harassed the enemy so much that he started retreating.

Just then, 2/Lieut. Gian Singh called forward his third Platoon Commander 2/Lieut. Ran Singh, was giving out orders when a bullet struck on his head and he fell down never to give out orders again. 2/Lieut. Ran Singh then collected the remnants of the company and re-organized.

2/Lieut. Gian Singh Bisht used to tell his men that he would die with them, he fulfilled his promise and remained their comrade in life and death. This was a glorious deed, of which the History will remain witness as long as there is world. 2/Lieut. Gian Singh and his men lived up to the ideals of our great Leader—the [Netaji]—and have laid down their lives fighting by their posts to build up a tradition for us to follow. In FREE India the spirit of these Heroes, who knew no defeat, will be worshipped for generations to come and will inspire the future sons of India to live up to such high ideals.
